- Station 294 - Indian School & Alma School

TO REQUEST SANDBAGS:

CALL 480.208.2154

CAPTAIN - ROBERT SCABBY

Email: bobby.scabbyjr@srpmic-nsn.gov

EVERGREEN WASH SAFETY

WHERE IS EVERGREEN WASH?

It runs south behind Evergreen Housing Development then under the Beeline Highway. The wash extends from the Arizona Canal at Horne and Camelback Roads.

HOW DOES THE WASH BECOME PROBLEMATIC?

With water releases from the Salt River Project (SRP) Canal, the wash goes from a dry bed to a raging waterway without warning in minutes.

WHY DOES THIS HAPPEN?

SRP releases water from the canal into the wash during high rain periods to relieve the canal system of excess water.

- FLOODS OCCUR WITH LITTLE TO NO NOTICE
- DO NOT ENTER FLOODED WASHES
- KEEP CHILDREN AWAY WASHES ARE NOT PLAY AREAS
- BANKS BECOME UNSTABLE; STAY AWAY FROM WASH EDGE
- 6 INCHES OF RUSHING WATER CAN KNOCK DOWN AN ADULT

For more information contact:
EmergencyManagement@srpmic-nsn.gov

HEAT EXHAUSTION

- headache
- dizzy or fainting
- heavy sweating
- pale and clammy skin
- nausea or vomiting
- fast, weak pulse
- muscle cramps
- excessive thirst

HEAT STROKE

- headache
- no sweating
- hot, red skin
- nausea or vomiting
- rapid heart rate
- temperature >104° F
- confusion or delirium
- may lose consciousness

TAKE ACTION

- Move to a cooler, air-conditioned place.
- Loosen clothing or remove extra layers.
- Sip cool water
- Seek medical help if symptoms don't improve

HEAT EXHAUSTION can lead to stroke.

TAKE ACTION

- Call 911. This is a medical emergency.
- Move the person to a cooler place.
- Loosen clothing & remove extra layers
- Cool with water or ice

HEAT STROKE can cause death or permanent disability if emergency treatment is not given.
