ARTICLE I. IN GENERAL

Secs. 23-1—23-18. Reserved.

ARTICLE II. RIGHT TO WORK

Sec. 23-19. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Community.

- (1) The term "Community" means the Salt River Pima-Maricopa Indian Community and any subdivision, agency, arm or department thereof, including, but not limited to:
 - a. Salt River Community Gaming Enterprises;
 - b. Salt River Commercial Landfill Company;
 - c. Salt River Sand and Rock Company;
 - d. Saddleback Communications Company;
 - e. Salt River Community Property Development and Asset Management Company;
 - f. Salt River Community Golf Enterprises; and
 - g. Other enterprises of the Community, as applicable.
- (2) The term "Community" does not include any legal entity established and organized by the Salt River Pima-Maricopa Indian Community under the laws of any state with a principal place of business located outside of Community lands (as defined herein).

Community Council means the Salt River Pima-Maricopa Indian Community Council.

Community lands means all lands within the boundaries of the Community, established pursuant to the Act of February 28, 1859, and Executive

Orders, other lands added thereto, lands owned by the Community, and all other lands subject to the jurisdiction of the Community.

Employee means any individual employed by an employer.

Employer means any person, firm, association, corporation or other entity, including the Community, that operates in or upon Community lands and directly or indirectly employs one or more employees to perform work.

Labor organization means any organization, agency, committee or plan in which employees participate that exists for the purpose of representing such employees in dealing with an employer or employers concerning hours of employment, wages, rates of pay, working conditions, or grievances of any kind relating to employment.

Person means any individual, labor organization, corporation, partnership, company, association or other legal entity.

(Code 1981, § 23-21; Code 2012, § 23-21; Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-21, 5-30-2012)

Sec. 23-20. Sovereign immunity.

Except as set forth explicitly in section 23-30(e), nothing in this article is intended to be or shall be construed as a waiver of the sovereign immunity of the Community, its divisions, agents, entities, instrumentalities, employees or officials. (Code 1981, § 23-22; Code 2012, § 23-22; Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-22, 5-30-2012)

Sec. 23-21. Title.

This article shall be known as the Community's "Right To Work Ordinance." (Code 1981, § 23-23(a); Code 2012, § 23-23(a); Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-23(a), 5-30-2012)

Sec. 23-22. Authority.

This article is enacted pursuant to:

- (1) Article VII of the Community's Constitution; and

- (2) The Community's inherent sovereign authority to govern activities on Community lands that are based on consensual relationships with the Community or that have a direct effect on the political integrity, economic security, or health or welfare of the Community.

(Code 1981, § 23-23(b); Code 2012, § 23-23(b); Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-23(b), 5-30-2012)

Sec. 23-23. Purpose.

The purpose of this article is to ensure for all persons working for the Community and all persons working on Community lands the right to work and pursue employment without the restraints of mandatory affiliation with, membership in, or payment to a labor organization. This article establishes that the right of persons to work shall not be denied, abridged, restrained, or otherwise jeopardized because of membership in, affiliation with, or financial or other support of a labor organization, or refusal to join, affiliate with, or financially or otherwise support a labor organization.

(Code 1981, § 23-23(c); Code 2012, § 23-23(c); Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-23(c), 5-30-2012)

Sec. 23-24. Findings.

The Community finds that:

- (1) It is in the best interests of all persons working for the Community and all persons working on Community lands to have the right to obtain and retain employment regardless of membership in, affiliation with, or financial or other support of a labor organization, or refusal to join, affiliate with, or financially or otherwise support a labor organization;
- (2) Persons have the right to be free from discrimination and retaliation that is based on membership in, affiliation with, or financial or other support of a labor organization, or refusal to join, affiliate with, or financially or otherwise support a labor organization;
- (3) It is the public policy of the Community that, in order to maximize individual freedom of choice in the pursuit of employment and to encourage and enhance an employment atmosphere conducive to economic growth, the right of persons to work for the Community or to work on Community lands shall not be denied, abridged, restrained, or otherwise jeopardized based on membership in, affiliation with, or financial or other support of a labor organization, or refusal to join, affiliate with, or financially or otherwise support a labor organization;
- (4) Given the Community's inherent authority over employment and labor relations on Community lands, the Community's regulation of employment on Community lands, and the longstanding federal policy protecting tribal self-government and promoting tribal self-sufficiency, the Community finds that the National Labor Relations Act (NLRA) does not apply to the Community government as an employer. Application of the NLRA to the tribal government as an employer would substantially impair the ability of the Community to exercise its sovereign authority and would subject the Community government to the threat of strikes and disrupt the Community government's ability to provide essential services to the Community;
- (5) As an exercise of sovereignty and self-governance, the Community government sets standards for labor and employment within the Community that protect employees' interests with respect to issues such as hours of employment, wages, rates of pay, working conditions and grievances. The delegation of such sovereign authority, which is constitutionally vested in the Community Council, to an employer for purposes of bargaining with a labor organization is unlawful; and
- (6) The Community has the right to enact this law protecting the right to work for

all persons working for the Community and all persons working on Community lands.

(Code 1981, § 23-23(d); Code 2012, § 23-23(d); Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-23(d), 5-30-2012)

Sec. 23-25. Right to work.

No person shall be required to, as a condition of employment or continuation of employment:

- (1) Resign or refrain from voluntary membership in, voluntary affiliation with, or voluntary financial support of a labor organization;
- (2) Become or remain a member of a labor organization or be affiliated with a labor organization;
- (3) Pay any dues, fees, assessments or other charges of any kind or amount to a labor organization;
- (4) Pay to any charity or other third party, in lieu of such payments, any amount equivalent to or a pro rata portion of dues, fees, assessments, or other charges regularly required of members of a labor organization; or
- (5) Be recommended, approved, referred, or cleared by or through a labor organization.

(Code 1981, § 23-24; Code 2012, § 23-24; Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-24, 5-30-2012)

Sec. 23-26. Unlawful agreements.

(a) Any agreement, understanding or practice, written or oral, implied or expressed, between an employer and a labor organization that violates the rights of employees guaranteed by this article shall be unlawful, null and void, and of no legal effect.

(b) Any striking, picketing, boycotting or other action by a labor organization for the sole purpose of inducing or attempting to induce an employer

to enter into any agreement prohibited by this article is hereby declared to be for an illegal purpose and a violation of this article.

(Code 1981, § 23-25; Code 2012, § 23-25; Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-25, 5-30-2012)

Sec. 23-27. Deductions.

(a) Employers shall not deduct from the wages, earnings or compensation of an employee any union dues, fees, assessments, or other charges to be held for, transferred to, or paid over to a labor organization, unless the employee has first presented, and the employer has received and accepted, a signed written request and authorization to deduct such amounts, which authorization may be revoked by the employee at any time by giving written notice of the revocation to the employer.

(b) Employers are under no obligation to accept any request from an employee to voluntarily deduct from the employee's wages, earnings or compensation any union dues, fees, assessments, or other charges to be held for, transferred to, or paid over to a labor organization. Employers shall determine, at their discretion, whether to accept the administrative burden of making such voluntary deductions.

(Code 1981, § 23-26; Code 2012, § 23-26; Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-26, 5-30-2012)

Sec. 23-28. Coercion and intimidation prohibited.

(a) It shall be unlawful for any person, labor organization, or officer, agent or member thereof, or employer, or officer or agent thereof, by any threatened or actual intimidation of an employee or prospective employee or his or her immediate family members, or by any damage or threatened damage to an employee or prospective employee's property, to compel or attempt to compel an employee or prospective employee to join, affiliate with, or financially support a labor organization, or to refrain from doing so or to otherwise forfeit the rights guaranteed by this article.

(b) It shall be unlawful to cause or attempt to cause an employee to be denied employment or to be discharged from employment because the employee supports or does not support a labor organization by inducing or attempting to induce any other person to refuse to work with the employee. (Code 1981, § 23-27; Code 2012, § 23-27; Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-27, 5-30-2012)

Sec. 23-29. Discrimination and retaliation prohibited.

No employer shall discriminate or retaliate against any employee based on the employee's membership in, affiliation with, or financial or other support of a labor organization, or the employee's refusal to join, affiliate with, or financially or otherwise support a labor organization. (Code 1981, § 23-28; Code 2012, § 23-28; Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-28, 5-30-2012)

Sec. 23-30. Enforcement.

(a) Any person who violates any provision of this article shall be subject to a fine not exceeding \$1,000.00 per day per violation. Such liability shall be solely imposed on a labor organization or its representative. This provision shall not, in any way, cause a fine to be levied or become due against the Community.

(b) Any employee injured as a result of any violation or threatened violation of the provisions of this article shall be entitled to petition the Community court for injunctive relief from or against any person who violates or threatens any violation of this article, and may, in addition thereto, file a claim to recover any and all damages, including costs and reasonable attorney's fees, resulting from the violation or threatened violation. This remedy shall be independent of and in addition to any other penalties and remedies prescribed by applicable law.

(c) Any claim brought pursuant to this article must be commenced by the filing of a complaint with the Community court in accordance with the rules of civil procedure for the Community court

within 180 days from the date of the violation or threatened violation that form the basis of the complaint.

(d) The Community court shall have jurisdiction over all causes of action alleging violations of this article.

(e) The Community hereby consents to a limited waiver of sovereign immunity from suit exclusively for claims by Community employees alleging violations of this article against the Community in the Community court. This waiver is limited as described herein, and nothing herein is intended to be or shall be construed as a waiver of the sovereign immunity of the Community in any other courts, or for any other causes of action. (Code 1981, § 23-29; Code 2012, § 23-29; Ord. No. SRO-349-09, 7-29-2009; Ord. No. SRO-402-2012, § 23-29, 5-30-2012)

- (4) The disease does not come from a hazard to which workers would have been equally exposed outside of the employment;
- (5) The disease is incidental to the character of the business and not independent of the relations of the employer and employee; and

Work-related injuries under this section shall be either: specific, which means that the injury is a result of one incident or exposure that causes disability or a need for medical treatment; or cumulative, which means that the injury is a result of repetitive activities extending over a period of time that cause disability or a need for medical treatment. The date of a cumula-

- (2) The term "work-related injury" does not include injuries caused by the acts identified in section 23-60. - (1) The state, including its statutory workers' compensation system and the industrial commission of the state;

- (2) Any other state or municipality; or
- (3) Any court of law or equity, including the Community court.

(Code 2012, art. III; Ord. No. SRO-384-2011, § 6, 8-17-2011; Ord. No. SRO-402-2012, 5-30-2012)

Sec. 23-57. Reporting obligations.

(d) A supervisor or manager of an employee who receives a report of a work-related injury from an employee or an employee's authorized representative must present an initial report of injury to the designated workers' compensation liaison promptly, but in no event more than 90 days after the date of the work-related injury.

- (2) The employee or surviving dependent is physically and mentally capable of reporting the work-related injury or death. Employees and surviving dependents will be presumed to be physically and mentally capable of meeting the reporting requirements unless they provide bona fide medical certification of their physical or mental incapability.

(Code 2012, art. III; Ord. No. SRO-384-2011, § 7, 8-17-2011; Ord. No. SRO-402-2012, 5-30-2012)

The responsibility of the administrator to make determinations and decisions includes, but is not limited to, the following:

- (1) Based upon investigation and available information, the administrator will make a determination of the responsibility of the employer and will either accept or deny a claim. Within 90 days of receipt of an initial report of injury or death, the administrator will advise the claimant and employer of its determination or the necessity of postponing the decision for another 90-day period to obtain sufficient information to render a decision.
- (2) The administrator will determine the reasonableness and necessity of medical care and charges and will determine the amounts payable under this article. The administrator will also approve or disapprove any request for a change of treating physician, referral to a physician or surgical procedure.
- (3) The administrator will retain medical control for the life of the claim.
- (4) The administrator will determine when the claimant has reached the point where no further material improvement from medical treatment would reasonably be expected, at which point the administra-

tor shall issue a determination that the claimant has reached the point of maximum medical improvement.

- (5) Based on information supplied by the employer and/or claimant, the administrator will determine the compensation rate payable for temporary total disability, temporary partial disability, permanent partial disability, and/or permanent total disability (as defined in section 23-61(c) and (d)).
- (6) The administrator will determine the eligibility of dependents and the terms of any dependency benefits payable.
- (7) In the event of the need to allocate dependency benefits between dependents living in different households, the administrator will make the necessary allocation based on the obligations, legal or otherwise, of the decedent.
- (8) If a claimant's claim is subject to the limitations of section 23-98, statute of limitations, the administrator shall advise the claimant and employer of the effect of the limitations in writing.

(b) If the claimant unreasonably fails to appear for a scheduled IME, the responsibility of the employer for payment of medical expenses and/or other benefits relative to the workers' compensation claim shall cease until such time as the claimant appears for the IME.

(c) The employer, through its administrator, retains full control over claimant's medical treatment for the duration of the claim. This shall include, without limitation, sole discretion to as-

sign or reassign claimant's treating physician, as well as to approve or deny any request for a change of treating physician or other medical provider.

(d) The administrator may reduce, suspend or terminate the compensation of a claimant who persists in unsanitary or injurious practices tending to imperil or impede his or her recovery, or who refuses to submit to medical or surgical treatment reasonably necessary to promote the claimant's recovery.

(Code 2012, art. III; Ord. No. SRO-384-2011, § 9, 8-17-2011; Ord. No. SRO-402-2012, 5-30-2012)

(b) An incident that occurs while the employee is commuting to or from work does not arise out of or occur within the course and scope of employment.

(c) The Community shall not be legally liable for any injury, disease or death sustained by an employee in any of the following situations:

- (1) Where alcohol intoxication or the improper or unlawful use of a controlled substance causes or contributes to the incident that gives rise to the injury, disease or death;
- (2) Where the employee is under the influence of any substance that impairs the ability of the employee to perform his or her work duties in a safe manner;
- (3) Where the employee has willfully and deliberately caused his or her own injury, disease or death;
- (4) Where the injury, disease or death arises out of an altercation in which the injured employee is the initial physical aggressor;
- (5) Where the injury, disease or death is caused by the commission of a criminal act by the employee;

- (6) Where the injury, disease or death arises out of voluntary participation in any off-duty recreational, social or athletic activity not constituting a part of the employee's work-related duties, including but not limited to, voluntary intramural sporting events or activities sponsored by the employer;
- (7) Where the injury, disease or death is predominantly (greater than 50 percent) caused by a preexisting condition or injury, whether or not work related;
- (8) Where the injury, disease or death is actually or proximately caused by the inhalation of secondhand smoke;
- (9) Where an injury is diagnosed as reflex sympathetic dystrophy (RSD) or complex regional pain syndrome (CRPS);

- (11) Where the injury, disease or death results from natural causes or other causes which are not caused by an employee's course and scope of work.

(Code 2012, art. III; Ord. No. SRO-384-2011, § 10, 8-17-2011; Ord. No. SRO-402-2012, 5-30-2012)

Sec. 23-61. Benefits.

(a) *Guidelines for calculating to be enacted; reviewed; adjusted.* Within 90 days of the date of enactment of this article, the administrator shall prepare written guidelines for calculating the amount of compensation benefits to be paid under this article, and these written guidelines may be comparable to benefits mandated for employees by the industrial commission of the state.

- (1) The written guidelines shall not be effective until approved by a majority vote of the council.
- (2) Every three years from the date of enactment of this article, the administrator shall review and adjust, if appropriate and necessary, the written guidelines for

calculating the amount of compensation benefits to be paid under this article. Any adjustments to the written guidelines shall not be effective until approved by a majority vote of the council.

(b) Customary medical and supportive care costs.

- (1) Usual and customary medical and supportive care costs will be provided under this article and may be comparable to those established by the state industrial commission. Unless there are extenuating circumstances, the administrator must preapprove medical services and providers.
- (2) Supportive care is available after the claimant has reached the point of maximum medical improvement, and active medical treatment has ceased. Supportive care includes treatment for reducing pain or other care used to maintain the status quo after the claimant has reached the point of maximum medical improvement.

(c) Temporary total and partial disability benefits.

- (1) Temporary total disability exists when the claimant is under active medical care and the work-related injury prevents the claimant from working at all.
- (2) Temporary partial disability exists when the claimant is cleared by his or her medical provider to engage in some form of work-related activity while active medical care continues for the work-related injury.
- (3) Temporary total and partial disability benefits will be provided under this article and may be comparable to those established by the laws of the state for comparable workers' compensation injuries, including any applicable schedules for the determination of temporary total or temporary partial disability benefits used by the industrial commission of the state. However, nothing herein shall mandate that the Community provide the same benefits recoverable under state law.

- (4) Except for severe injuries that usually require extended recuperation (e.g., severe burns, amputations and major surgeries), temporary disability benefits shall not extend beyond 104 weeks. For severe injuries, temporary disability benefits shall not extend beyond 234 weeks.
- (d) *Permanent total and partial disability benefits.*
 - (1) Permanent total disability exists when, after the administrator has determined that a claimant has reached the point of maximum medical improvement, the claimant's actual or presumed ability to engage in gainful employment is absent because of a work-related injury.
 - (2) Permanent partial disability occurs when, after the administrator has determined that the claimant has reached the point of maximum medical improvement, the claimant's actual or presumed ability to engage in gainful employment is reduced because of a work-related injury.
 - (3) Permanent partial disability benefits.
 - a. In determining the percentages of permanent partial disability, the administrator shall take into account the nature of the impairment, the occupation of the injured worker and the claimant's age at the time of the injury, with consideration given to the diminished ability of the claimant to compete in an open labor market within the Community or the surrounding county within which the claimant's job is located.
 - b. It is the intention of this article that the laws of the state for comparable workers' compensation injuries, including any applicable schedules for the determination of permanent total or permanent partial disability benefits used by the industrial commission of the state, may be used for guidance in determining permanent total or permanent partial disability benefits. However, nothing herein shall mandate that the Community provide the same benefits recoverable under state law.
 - c. In no event shall permanent partial disability for any and all work-related injuries combined exceed an aggregate total of 100 percent (i.e., it shall not be greater than permanent total disability).
 - (e) *Vocational rehabilitation.* If the claimant, because of a permanent disability, whether partial or total, is unable to return to either:
 - (1) His or her usual and customary work; or
 - (2) A permanent modified or alternate position, the Community will work with the claimant, as the administrator deems reasonably appropriate, to provide vocational rehabilitation services to assist the claimant to return to gainful employment. Claimants who fail or refuse to avail themselves of vocational rehabilitation services offered by the administrator may have their benefits under this article reduced or terminated.
 - (f) *Modified duty.* The Community will, within one year from the date of enactment of this article, adopt modified duty return to work policies and programs. The Community government and each division and enterprise of the Community shall adopt a modified duty return to work policy that meets the needs of its respective entity.
 - (g) *Aggravation of preexisting condition.* For purposes of permanent partial or permanent total disability caused by the aggravation of a preexisting condition, the amount of the award for that disability may be reduced or denied in its entirety by the administrator based upon the following:
 - (1) A prior settlement or award from any source for the preexisting condition; and
 - (2) The difference between the degree of disability of the claimant before the work-related injury and the claimant's present degree of disability.

(h) *Dependency benefits.*

- (1) In case of a work-related injury causing death within three years from the date of the injury, benefits shall be payable to the employee's surviving dependents. The administrator shall determine whether the surviving dependents are qualified to receive benefits under this article, including whether the surviving dependents were necessarily totally or partially dependent upon the employee at the time of the employee's death.
- (2) Upon request, a person seeking dependency benefits must furnish the administrator with proof, satisfactory to the administrator, of the nature, amount and extent of the contribution employee made to the surviving dependent's support.
- (3) It is the intention of this article that state law for survivor benefits, including any applicable schedules for the determination of such benefits used by the industrial commission of the state, may be used for guidance in determining dependency benefits. However, in no event shall the aggregate total amount payable to the surviving dependents exceed \$750,000.00.

(i) *Compensation limits.* In no event shall compensation payable to a claimant pursuant to this article exceed \$1,250,000.00.

(j) *No compensation after death or retirement.* Compensation benefits paid to a claimant under this article shall cease upon the claimant's death or after the actual retirement of the claimant or after the claimant reaches age 65, whichever is sooner.

Subject to approval by the Community or its authorized representative, the administrator may waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.
