

Salt River Community Member Tax Exemption

The Salt River Indian Community (SRPMIC) operates like any other city/municipality, collecting taxes for public services.

- According to Arizona Taxpayer Ruling TPR-95-11, enrolled members of the SRPMIC do NOT pay Arizona state tax (TPT-currently at 6.3%) at this location on the SRPMIC.
- This state administered exemption only applies to State & County TPT. **Community Members ARE still subject to the SRPMIC TPT rate of 1.75%.**
- This exemption only applies to enrolled members of SRPMIC and NOT all Native American customers.
- Qualified customers need to complete the Arizona Form 5000 with their relevant information, including their Tribal ID# in Section C. They also check exemption #12 and sign the form. **Your business may have a shorter streamlined version of this exemption form which can also be used.**
- Enrolled members of the SRPMIC are aware that they can activate tax exemption by showing their tribal ID when making purchases within the SRPMIC.
- When a guest says, "Can I use my tribal ID?" or "Can I use my tax exempt?" they are asking for this policy to be implemented and are accustomed to presenting their tribal ID.

- Your business is both aware of this policy and has a procedure in place for this accommodation. If you are unaware of this policy, please ask your immediate supervisor.

We appreciate your customer service in supporting the Salt River Pima-Maricopa Indian Community members and for being a part of the economic successes of our Community.
