

SALT RIVER PUBLIC WORKS DEPARTMENT

NOTICE

STREET MAINTENANCE PHASE 1: CRACK SEAL

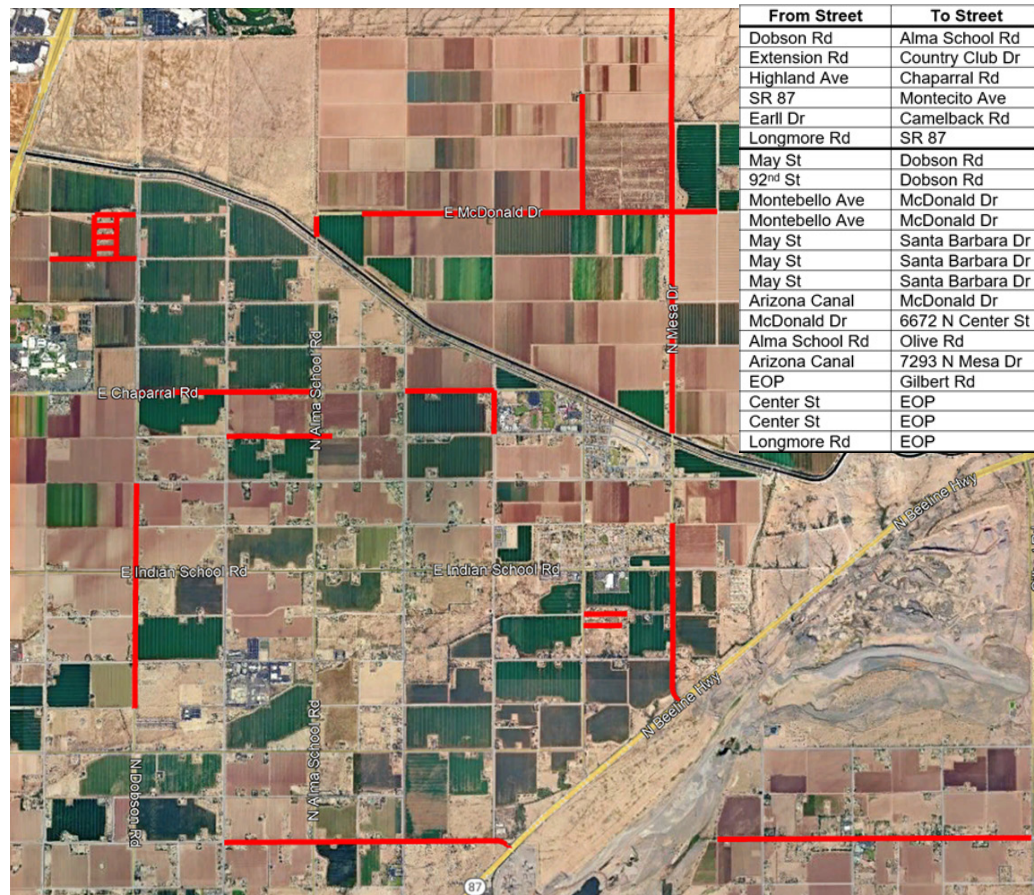

MONDAY, JANUARY 12 TO FRIDAY, MARCH 6, 2026

A crack seal project is scheduled to begin on Monday, January 12, 2026, throughout the Community.

Crack sealing applies hot asphalt sealant to pavement cracks, preventing moisture damage and extending pavement life by 2-4 years; sealants typically last 5-7 years.

The project will cover approximately sixteen miles of roadway. Access will be maintained with minor restrictions.

Updated maps and information will be provided as each phase progresses.

CONTRACTOR: Cactus Asphalt

Any questions, contact Gregg Bacome, Public Works Roads Section Supervisor at (480) 577-5809 or email gregg.bacome@srpmic-nsn.gov
