

NOTICE OF COMMUNITY HEARING

The Land Management Board has scheduled a Community Hearing on February 23, 2026 at 6pm for a project located on allotted land. We are extending this invitation to all Community Members and Landowners with ownership interest within a ½ mile radius to attend this Community Hearing regarding the following: **Palm Lane (Horne to Stapley Dr.) – Proposed Road and Utility Easement.**

The Salt River Pima-Maricopa Indian Community, Engineering and Construction Services Department (ECS) is requesting a Right-of-Way easement located along Palm Lane (Horne to Stapley Dr.) in order to make roadway and utility improvements. The main goal of the project is to ensure legal ingress and egress for every single allotment, replace the existing water line, provide improved all-weather public roads for existing and future homesite and provide improved tribal services (e.g. fire hydrants, fiber-to-homes, etc.).

You may view the pre-recorded video and audio presentation from Community Hearing starting on February 24, 2026 at 5:00PM through March 6, 2026 at 5:00PM. To view the presentation, please visit: www.srpmic-nsn.gov/1879-phc
